6. A Lane Draw will take place prior to the Regatta at a time and venue decided by the Chair of Rowing. Representatives of each competing school will draw for lanes in the reverse order of finishing positions of the previous year. E.g., The fifth finishing crew shall draw first.
7. Any crew not at the starting line at the time appointed shall be issued a yellow card. If the crew is not in sight of the start by the specified start time, without explanation or prior contact with the appropriate race official, the race may be started without them.
8. Coxswain Weighing Policy:
  - (a) Coxswains are members of the crew. However, a girl's crew may be steered by a boy and a boy's crew may be steered by a girl.
  - (b) The minimum weight for a coxswain (wearing racing uniform) is 55kg. The weighing scales shall indicate the weight of the coxswain to 0.1 kg.
  - (c) It is the inherent responsibility of a School for ensuring coxswains to make the minimum weight wearing their racing uniform and where underweight, carry the correct amount of dead weight in a recognized weight bag.
  - (d) The provision of weights and weight bags is a crew's responsibility. To make up this weight, a coxswain may carry deadweight in a specified sealed bag which shall be placed in the boat as close as possible to his/her person. No article of racing equipment shall be considered as part of this deadweight. At any time, before or until immediately after the race, the Organising Committee or participating BAS Principals / Heads may require the deadweight to be reweighed.
  - (e) Each school will be allocated a timeframe whereby the Coxswains for Open Boys and Girls Firsts and Seconds crews shall be weighed in. Coxswains will be required to be wearing racing uniform and shall be weighed by a person duly authorised by the Organising Committee. The weigh in will occur in the presence of the BAS Executive Officer (or a designated representative from BAS Inc.) and the relevant school's Director of Rowing or Head of Sport (A female adult must be present for the weigh in of female coxswains and a male adult must be present for the weigh in of male coxswains OR if the student identifies as Non-Binary, an adult of their preference). An optional 'Trusted Person' may be nominated by each student to be present with them during the Weighing Process. A trusted person is any person whom the school deems appropriate to support the coxswain through the weigh-in process. The trusted person may be a coach, director of rowing, school staff member or parent.
  - (f) The Weigh In shall occur on tested scales in a private area not less than one hour and not more than two hours before the commencement of the regatta. (At a time and venue specified by the Clerk of Scales). During the weighing process, Coxswains will be unable to see the weights being recorded by Officials or the weight displayed on the scales themselves. At this time coxswains will be recorded as either 'Ready to Race' if over 55kg OR the dead weight carried shall be recorded and maintained by BAS Executive Officer (or a designated representative from BAS Inc.). If the Coxswain does not meet the 55kg minimum weight, they will be recorded as "Not yet Ready to Race". Rowing Victoria Officials will communicate the necessary weight requirements in private with the Coxswains' 'Trusted person'. Under no

circumstances should students be aware of their weight during the weighing process other than 'Ready to Race' or 'Not Yet Ready to Race'. It is the responsibility of each School to maintain the weight in the Coxswain's bag and this will be checked at the conclusion of the race.

- (g) Immediately following the Open Boys and Girls Firsts and Seconds races the Coxswain of the winning crew and the 2nd place crew is to present their weight bag to the Umpire or Principal / Head in Charge of BAS Rowing to be checked and verified.
- (h) In the event of the weight carried by the coxswain of any given crew is underweight, then the crew steered shall be relegated to last place.
- (i) In other crews each school shall have a separate cox for each crew; coxswains in these crews can be of any weight.

A school must raise this objection within 30 minutes of the conclusion of the race.
- (b) Should the crew not cross the finish line the objection should be raised to the Umpire following the race or Officials at the start of the race, to be communicated to the Judges at the Finish, the Umpire, the BAS Executive Officer or a member of BAS Inc.
- (c) The Umpire may seek further information regarding the objection. In this case, he shall raise a red flag and then take any necessary further steps to resolve the issues relating to the objection, e.g., consult with other officials, and consult with the Principal / Head in Charge of BAS Rowing.
- (d) The Judges at the Finish, in such cases, must not announce the official result of the race until a final decision is made.
- (e) Please refer to BAS Handbook Section 5.14 for the management of objections and disputes.
- (f) Participating BAS Principals / Heads shall decide on the protest and on the measures resulting from its decision including:
